## **Pro-Family Women Reacts to President Biden’s Executive Order Advancing Abortion in America**

Arlington, Virginia – Today, President Biden signed an [“Executive Order on Protecting Access to Reproductive Healthcare Services.”](#)

Although the Executive Order cannot stop states from enacting bans on abortion, President Biden is using his Executive authority to do “everything in his power to defend reproductive rights and protect access to safe and legal abortion.”

Pro-Family Women’s President Susan Muskett said: “In a sweeping overreach, President Biden signed an Executive Order today that not only usurps the constitutional powers of the legislative and judicial branches of government but more tragically puts the lives of women and babies at risk. The *Dobbs* decision returned to the States and to the American people the right to decide how abortion should be approached. What President Biden’s Executive Order does is to strong arm the decision to the will of a few government officials. This is an example of the Administrative State being used to override the will of the people. President Biden’s Executive Order mentions that *Roe* was the law of the land for nearly 50 years, ignoring the fact that all human life has been precious in God’s eyes since the beginning.”

Through the Executive Order, President Biden’s instructions to the Executive Branch include:

- To “protect and expand access to abortion care, including medication abortion [RU-486];”
- Launch “outreach and education” to ensure access to abortion.
- “Protect the security of clinics . . . delivering reproductive and related healthcare services.”

By making chemical abortions more accessible, a woman may not be adequately advised of their effects and may end up watching her baby die at home; alone to deal with all the tragic consequences.

The Executive Order includes protection for clinics that provide abortions but none for facilities that provide care for mothers who chose birth and their babies.

Pro-Family Women is an organization that promotes the values of faithful Catholic women in proclaiming the truth about human life and the family.
